## DEPARTMENT OF LABOR

Mine Safety and Health Administration

Proposed Extension of Information Collection; Ground

Control for Surface Coal Mines and Surface Work Areas of

Underground Coal Mines

[OMB Control No. 1219-0026]

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2)(A). This program helps to assure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and

Health Administration (MSHA) is soliciting comments on the information collection for Ground Control for Surface Coal Mines and Surface Work Areas of Underground Coal Mines.

DATES: All comments must be received on or before [INSERT

DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL

REGISTER].

ADDRESSES: Comments concerning the information collection requirements of this notice may be sent by any of the methods listed below.

- Federal E-Rulemaking Portal:
   <u>http://www.regulations.gov</u>. Follow the on-line instructions for submitting comments for docket number MSHA-2015-0014.
- Regular Mail: Send comments to USDOL-MSHA, Office of Standards, Regulations, and Variances, 201 12TH Street S., Suite 400, Arlington, VA 22202-5452.
- Hand Delivery: USDOL-Mine Safety and Health

  Administration, 201 12<sup>th</sup> Street South, Suite 400,

  Arlington, VA 22202-5452. Sign in at the

  receptionist's desk on the 4<sup>th</sup> floor via the East
  elevator.

FOR FURTHER INFORMATION CONTACT: Sheila McConnell, Acting Director, Office of Standards, Regulations, and Variances, MSHA, at MSHA.information.collections@dol.gov (e-mail);

202-693-9440 (voice); or 202-693-9441 (facsimile).

## SUPPLEMENTARY INFORMATION:

# I. Background

Each operator of a surface coal mine is required under 30 CFR 77.1000 to establish and follow a ground control plan that is consistent with prudent engineering design and which will ensure safe working conditions. The mine operator is required by section 77.1000-1 to file the ground control plan under section 77.1000 for highwalls, pits and spoil banks with the appropriate District Manager. The mining methods employed by the operator are selected to ensure highwall, pit, and spoil bank stability. event of a highwall failure or material dislodgment, there may be very little time to escape possible injury; therefore, preventive measures must be taken. Each plan is based on the type of strata expected to be encountered, the height and angle of highwalls and spoil banks, and the equipment to be used at the mine. The plan is used to show how the mine operator will maintain safe conditions around the highwalls, pits, and spoil banks. Each plan is reviewed by MSHA to ensure that highwalls, pits, and spoil banks are maintained in a safe condition through the use of sound engineering design.

## II. Desired Focus of Comments

MSHA is soliciting comments concerning the proposed information collection related to Ground Control for Surface Coal Mines and Surface Work Areas of Underground Coal Mines. MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- Evaluate the accuracy of MSHA's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information
   on those who are to respond, including through the use
   of appropriate automated, electronic, mechanical, or
   other technological collection techniques or other
   forms of information technology, e.g., permitting
   electronic submission of responses.

The information collection request will be available on http://www.regulations.gov. MSHA cautions the commenter against providing any information in the submission that

should not be publicly disclosed. Full comments, including personal information provided, will be made available on www.regulations.gov and www.reginfo.gov.

The public may also examine publicly available documents at MSHA, 201  $12^{\rm th}$  Street South, Suite 400, Arlington, Virginia 22202-5452. Sign in at the receptionist's desk on the  $4^{\rm th}$  floor via the East elevator.

Questions about the information collection requirements may be directed to the person listed in the FOR FURTHER INFORMATION section of this notice.

### III. Current Actions

This request for collection of information contains provisions for Ground Control for Surface Coal Mines and Surface Work Areas of Underground Coal Mines. MSHA has updated the data with respect to the number of respondents, responses, burden hours, and burden costs supporting this information collection request.

Type of Review: Extension, without change, of a currently approved collection

Agency: Mine Safety and Health Administration

OMB Number: 1219-0026

Affected Public: Business or other for-profit

Number of Respondents: 140

Frequency: On occasion

Number of Responses: 140

Annual Burden Hours: 1,011 hours

Annual Respondent or Recordkeeper Cost: \$266

Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: May 29, 2015.

Sheila McConnell, Certifying Officer.
